

  
**Collier County**  
Public Utilities Department  
Water Division

June 9, 2017

**TO: Customers residing on a portion of Egret Avenue**

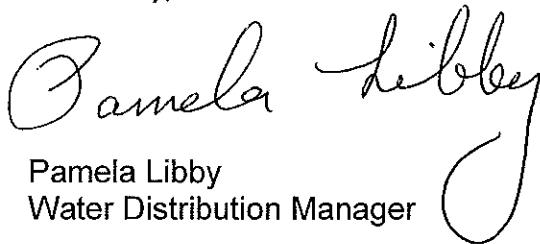

As you are aware, the Public Utilities Department is in the process of upgrading the utilities in your neighborhood. In order to complete the installation of a section of storm drain piping, a small amount of water main must be relocated, along Egret Avenue. To complete this required work the water main must be taken out of service.

On Monday, June 12<sup>th</sup>, the Water Distribution Team will be rerouting this required section of piping, which will require a shutdown of your potable water service. The outage will be from 8:30 a.m. to 3:30 p.m.

To minimize the impact of this outage to you and your family we are offering to provide a case of bottle water per address. If you would like to have the water delivered, please call us at 252-6245 prior to 8:00 a.m. on Monday, June 12<sup>th</sup>. Water will be delivered by 9:00 a.m. on Monday.

Thank you very much for your patience. **If you have any questions, please contact our hot line at 239-839-6247** or email us at [VDCPUR@Stantec.com](mailto:VDCPUR@Stantec.com) with any questions or concerns.

Sincerely,

  
Pamela Libby  
Water Distribution Manager
