

Collier County's contractor, *Quality Enterprises, Inc.*, is utilizing the space highlighted in orange on the below map for storage and pipe fusing as part of a watermain upgrade in the area.

It is anticipated crews and equipment will be present in the staging area through approximately October 31, 2019. Work will typically take place Monday through Friday between 7 a.m. and 7 p.m.; however, some weekend work may be required, as needed.

Your patience and cooperation are greatly appreciated! For more information, contact Lauren O'Neill, community outreach specialist, at (239) 281-2682 or email [info@CollierPUR.com](mailto:info@CollierPUR.com).
