

Palm River Public Utilities Renewal Project

May 2, 2024

Dear Palm River residents,

Re: **Cypress Way E. Temporary Closure Notice**

On Monday, May 6, contractors will begin installation of a deep sanitary sewer at the intersection of Cypress Way E. and Eastwood Drive. This work will require the closing of Cypress Way E. at the intersection of Eastwood Drive from May 6 through May 9. Afterward, the sanitary sewer installation will continue west on Cypress Way E. moving toward Pompano Drive. (Please see the detour map below.)

The Cypress Way E. closure has been reported to Collier County Public Schools Transportation, Collier County Solid Waste, first responders and the U.S. Postal Service to ensure continued services.

This schedule may be subject to change due to inclement weather and unforeseen conditions. For construction updates, visit <http://www.collierpur.com/project-areas-1-2-2/>

If you have questions or would like further information, please call Collier County's public information consultant at 239-227-4172 or email PalmRiverUtilities@Colliercountyfl.gov.

Cordially,

Diana C. Dueri, PMP
Project Manager III
