

SAFETY NOTICE

Re: Master Pump Station 308 Pipeline Installation Project October 2019

As Collier County's contractor, *Quality Enterprises USA, Inc.*, progresses with work in your neighborhood to install a new wastewater pipeline, we continue to greatly appreciate your patience and cooperation.

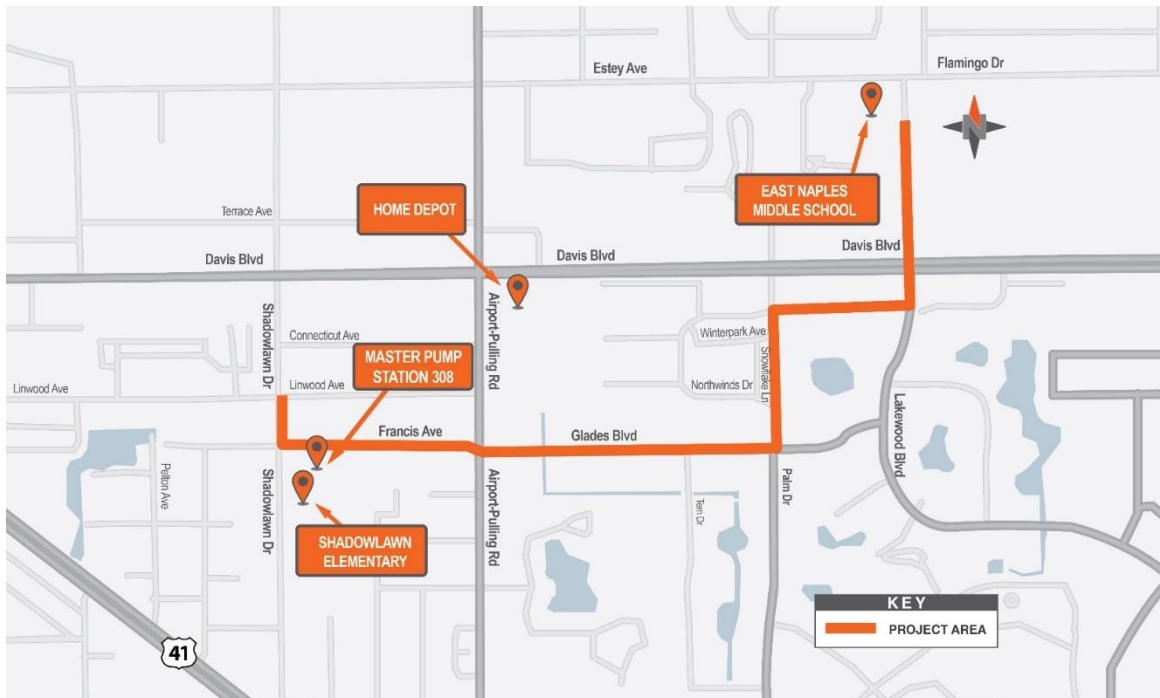

Throughout the life of the project, please remember to stay a safe distance from the construction zone, and do not touch or move any signs, equipment, or other materials related to the ongoing work. This is to help ensure a safe project area for you and your neighbors.

Per FL Statue 316.078 Detour signs to be respected —

(1) It is unlawful to tear down or deface any detour sign or to break down or drive around any barricade erected for the purpose of closing any section of a public street or highway to traffic during the construction or repair thereof or to drive over such section of public street or highway until again thrown open to public traffic | Source: <https://tinyurl.com/FloridaStatute316-078>
