

## Wastewater Pump Station 306 Relocation/Replacement

October 10, 2018

Dear Residents of East Naples:

Collier County's Public Utilities Department has selected PWC, LLC as the contractor for a project to relocate/replace the existing wastewater master pump station 306.00 located on the south side of Thomasson Lane. The project includes the construction of a new pump station at the intersection of Thomasson Lane and Thomasson Drive, demolition of the existing pump station, and force main pipe installation along Thomasson Lane. This project is necessary to improve reliability and storm resiliency to ensure a continued high level of utility service for the community.

A neighborhood information meeting is scheduled for:

**Wednesday, October 24, 2018**  
**East Naples Library**  
**8787 Tamiami Trail East,**  
**5:30 p.m. to 6:30 p.m.**

There will be a short presentation at 6:00 p.m. to provide overall project information, and then project team members will be available to answer questions.

The project has been bid, and approval of the construction contract by the Board of County Commissioners is expected before the end of the year. Construction is expected to begin in January 2019 and will take place over the next two years. There are no special assessments associated with this project. More specific information will be available at the public meeting.

*Project Location*

If you have any questions or concerns, please contact Wayne Karlovich, Senior Project Manager, at 239-252-5372. We look forward to seeing you at the neighborhood information meeting Wednesday, October 24<sup>th</sup>.
